

به نام خدا

اسماعیل زارع

برنامه ای بنویسید که یک جمله از کاربر دریافت کند و بگوید این جمله چند تا space دارد ؟

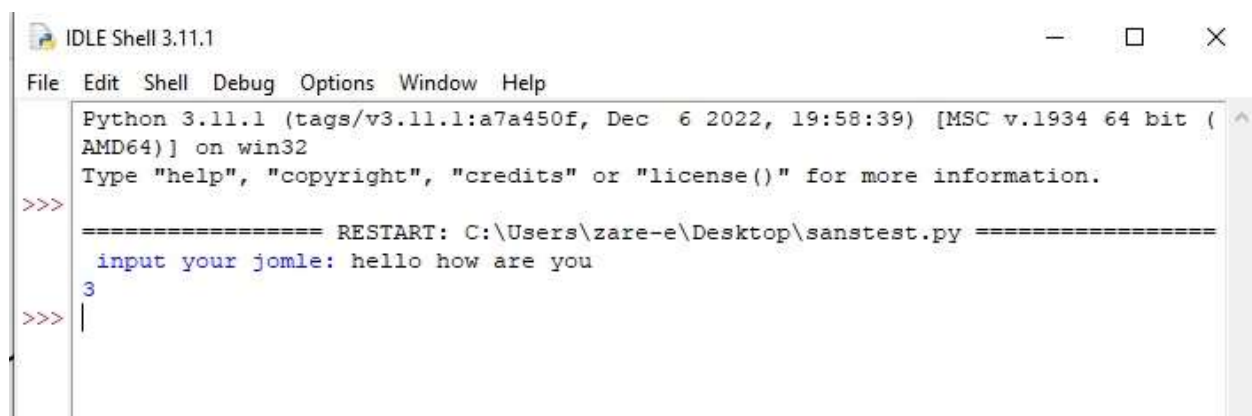

```
sanstest.py - C:\Users\zare-e\Desktop\sanstest.py (3.11.1)
File Edit Format Run Options Window Help
jomle = (input(' input your jomle: '))

count = 0

for char in jomle:
    if char == " " :
        count += 1

print (count)
```

```
IDLE Shell 3.11.1
File Edit Shell Debug Options Window Help
Python 3.11.1 (tags/v3.11.1:a7a450f, Dec 6 2022, 19:58:39) [MSC v.1934 64 bit (AMD64)] on win32
Type "help", "copyright", "credits" or "license()" for more information.
>>>
===== RESTART: C:\Users\zare-e\Desktop\sanstest.py =====
    input your jomle: hello how are you
3
>>> |
```
